

"I tell you the truth, anyone who gives you a cup of cold water in my name because you belong to Christ will certainly not lose his reward" Mark 9: 41

Our ministry is named "A Cup of Cold Water" because it is about taking care of those who cannot help themselves in Jesus' name. The blessing is helping someone in need and seeing the smile on their face and giving all the glory to God.

We do this by providing basic home care. Basic home care includes:

- Housework**
- Yardwork**
- Basic common home repairs**
- Grocery store shopping**
- Visitation**
- Providing transportation**

We have three opportunities for you to serve:

- 1. You can serve once a month.**
 - a. We meet on the first Saturday of every month at 0900 in the church parking lot and go to the home that is already set by our team. This entails housework and yard work only**
 - b. The time is usually 0900 to 1300. About a half a days work for an eternity of a blessing**
- 2. Be an "On-Call" server:**
 - a. This is for needs that come up during the week. This entails yard work; a grocery store run; a basic house need that cannot wait, providing a ride to a needed destination. This is where the need for "skilled" workers would be welcomed.....for example, we get requests for basic plumbing help, electrical issues etc... Right now we are in need of an electrician to hang a couple of fans and a person who can fix some doors (see us if interested)**

- b. You will be called by Tobi Beam or Bob Parks to see if you are available to meet the need. Some tools may be required.

Note: This is the area that we need the most help in because we all know “things happen” and we may not be able to get to them on the first Saturday of the month since those are scheduled events.

3. Be a visitor:

- a. We have people that do not want anything but someone to talk too. You set the schedule yourself – we give you the name and number and you do the rest. This part of the ministry is a real blessing because a lot of people feel that no one cares about them any longer and even a phone call will lift their spirits and make them feel like they are loved again.

PLEASE CALL Tobi Beam at 410 271-8106 or Bob Parks at 443 682-0118 if interested!
